Biography

Frank Emmerich has significant experience in representing large companies, entrepreneurial businesses, and individual clients in complex cases involving catastrophic losses, engineering issues, class actions, unfair trade practices, intellectual property issues, and government investigations.

Representative Matters

- Defended national public utility company in class action for alleged \$100 million property loss from industrial fire. Frank achieved dismissal of his client from the case through summary judgment.
- Obtained nonsuit for industry-leading chemical company in defense of tortious interference with contract claims.
- Represented international gas distributor in \$16 million breach of warranty action.
- Represented industrial equipment manufacturer where Frank achieved a nonsuit after a one-week trial involving numerous experts.
- Represented control system manufacturer in a trash-to-steam plant explosion case.
- Represented clients in intellectual property issues including the defense of a musician in \$33 million copyright/Lanham Act claim, a small business owner in \$3 million trademark case, a start-up vineyard in a trademark issue, and a nationally-recognized sculptor where Frank successfully petitioned for award of attorney's fees.
- Represents companies and individuals in business tort disputes including representing a water purification company, an insurance program manager, an engineering company, and an art dealer.
- Represents financial institutions in contractual disputes and statutory claims.
- Represents leading insurance companies in government investigations and class actions.
