

Conrad O'Brien lawyers regularly represent clients involved in all aspects of the healthcare industry. We have experience in defending a premier children's hospital in medical malpractice claims; representing the nation's oldest medical malpractice carrier in regulatory matters and in defending insured physicians; representing pharmaceutical companies in prescription drug sales practices litigation; advising a national physician malpractice insurer in connection with its underwriting practices; defending medical providers in False Claims Act and qui tam actions; counseling healthcare products manufacturers in licensing and distribution agreement disputes; and assisting major regional health insurance companies in disputes with providers, insureds, and state regulators.
